

Shell Chemical And Cardinals Meet Sunday

The Shell Chemical Torrance baseball team reopens the Torrance ball park Sunday, Oct. 1. Manager Joe Levada announces the same lineup that has won Shell Chemical the last four out of five starts against the strongest teams in the Southern California Baseball Association.

The Cardinal Juniors of West Los Angeles, managed by Art Swartz, former major leaguer, promise a fast game. DeHogue, Cardinal chucker, held the Culver City Skyhawks to a close 4 to 1 score, winning by the same score as Shell Chemical over the same team.

Several weeks ago, Smith, Shell Chemical southpaw, set the Gardena club down 7 to 4. "Whizzer" White, third sacker, last week collected two doubles and a single in four times at bat against the Long Beach Merchants.

This reopening promises to bring the strongest teams of the Southern California Baseball Association back to Torrance to meet the highly touted Shell Chemical club. Local support is all that is needed to make a successful season.

RUMMAGE SALE

Don't forget the Rummage sale being held by the Rebekahs Sept. 28-29-30, at Piffold bakery, 2041 Pacific Coast highway.

"GO WEST"

"And Kill Garden Pests"

SPORTS

TARTARS TO MEET JORDAN TOMORROW

By MARVIN KENT

With the varsity football season about to get under way, we find that Coach Winfield's fighting varsity has shrunk in number from the original 30 down to 26 veteran members.

Tomorrow, Sept. 29, Coach Winfield will test the mettle of the team when they square off with L. A. Jordan on Torrance's home field.

The regular season opens Oct. 5 with Gardena. It will be on our own field. Come out and support your own high school team. They will really show you some spirit.

Torrance starting lineup with Gardena: L. E.—Bill Collins, L. T.—Frank Dominguez, L. G.—Gerald Godard, Center—Bill Rogers, R. G.—Bert Smith, R. T.—Bob Warning, R. E.—Marvin Kent, Q. B.—Gordon Smith, R. H.—Edward Robst, L. H.—Gerald Jackson, F. B.—Sam Intermill.

Substitutes — Clark, Martin, Hoke, Poobough, Arp, Duane, Holloman, Shaner, Standifer, Miller, Bray.

TOMEI CO. LOW BIDDER ON JOB HERE

Tomei Construction Co. was low bidder for the paving of Torrance blvd. from Border ave. to Madrid ave., submitting a figure of \$69,529.30 for the job.

Others bidding were Griffith Co., \$84,358.33; Oswald Bros., \$71,700; Goode & Schroeder Concrete Co., \$82,825.37.

Bids were referred to the city attorney and city engineer for checking and report.

The cost of the job is considerably more than at first estimated by the engineering department, it was said.

RETURNS HOME

Mrs. Edward Eppler of 2335 247th st., who has been confined in the Torrance hospital for observation and treatment, returned home Sunday, Sept. 24. She is progressing very well, and will be glad to have visitors.

Bee Team of Torrance Will Open Season

By BUD SMITH

The Torrance High school Bee team has 48 of the 70 boys that signed for the squad at the first of the season. The team seems to have all that it needs to turn in a successful year. But it is hard to tell just yet.

Seven of the first string positions will be filled by lettermen returning from last season's squad. The probable lineup will be: Leroy Schwenk and Walt Hillier, ends; Jay Stroth and Neal Silence or Joe Waters, tackles; Doug Bodner and Ed Page, guards; Norm Baker or Richard Henson, center; Gil Bennett, Ralph George, Bill Johnson and Bud Smith, backs.

The opening game for the boys will be Friday, Sept. 29, with Jordan High school of Los Angeles. The Jordan boys, who can afford hard competition to almost any squad, will give the Tarabees a good fight and will show the points that need improving before the game with Gardena the following week.

Coach Katz stated: "We have a good turnout and have possibilities for a successful year, but there are a lot of rough spots that need ironing out."

Torrance Share Of License Fund Is Only \$826.06

An apportionment of \$1,105,234.44, to the cities and counties of California, representing vehicle license fee collections for the quarterly period ending June 30, was announced today by Gordon H. Garland, director of motor vehicles. Based on population of 9,850, Torrance received \$826.06.

Twenty per cent of the money — or \$21,048.98 — goes to the General Fund for retirement of highway bonds. Of the remainder, \$442,093.78 goes to the state on a basis of 5,325,090 population and \$442,093.78 goes to the counties on a basis of 6,907,387 population.

Vehicle license fees formerly were collected by the cities and counties as personal property taxes. Vehicle owners will pay the same license fees next year as this, despite the current upward trend in market values of used cars, because of a special legislative act sponsored by the Department of Motor Vehicles and signed by Governor Earl Warren.

Los Angeles County received \$178,289.62 of the total apportionment. Cities of Los Angeles County received apportionments of \$199,295.50.

City Does Not Want to Remove Big Oak Tree

Efforts of residents of 1023 Amapola ave. to have a big oak tree in front of the house removed by the city have been referred to Fred Blake, park superintendent.

The tree darkens the home to a point where the electric light bill is \$4 a month in summer time, and dampness has caused illness of residents there, it was said.

Blake said that the tree had been pruned, and could be pruned further, but that if he started removing the tree other neighbors would want theirs taken out with the result that there would be none on the street.

Quandt Water Co. Willing to Sell Works to City

Quandt Water Co. is willing to sell out to the City of Torrance water department, and the City Council has asked William Stanger, manager of the water department, to investigate an appraisal of the property.

The council wants to know the cost and authenticity of an appraisal before it proceeds with the purchase.

RETURNS

Mrs. Hallie Fletcher, who is the manager of the lunch counter in the Lomita Drug store, returned Monday from a ten-day trip to San Francisco and Litter Arrowhead. Mrs. Fletcher visited friends and relatives, and reports a lovely vacation.

Torrance High Groups Get Under Way

By EUNICE ABRAMSON

On Friday, Sept. 22, at 8:30, Bert Smith and Lloyd Warthan represented Torrance High school at the Marine League breakfast at Gardena High school.

Present at this important occasion were the student body presidents, the principals, the coaches, and the yell leaders of each school in the league.

At 10:15 the first aud-cast was held of the junior high of Gardena. As each student body president was introduced, he congratulated Gardena high on winning the Sportsmanship Trophy.

It was reported that fine school spirit and cooperation was shown at Gardena Friday.

The student body presidents of the schools of the Marine League are as follows: Bill Wickstrom, Narbonne; Don Edwards, Banning; Pete Mangare, San Pedro; Bill Sunns, Gardena; Bert Smith, Torrance.

The principals who attended the breakfast are: Cecil Phayne, Lyon, Narbonne; George D. Houk, vice-principal of Banning; Edwin F. Wheden, San Pedro; Frank Xavier Goulet, Gardena; Harold E. Perry, Torrance.

Those yell leaders at the breakfast are: Jay Harris, Narbonne; Larry Lee, Banning; Sam De Maiech, San Pedro; LeRoy Sana, Gardena; Lloyd Warthan, Torrance.

THE G.A.A.

The G.A.A. held its first meeting on Sept. 18. Eighty girls are planning to come out this semester. All of the teams are chosen for bowling. Bowling is going to be the main sport for the next ten weeks. The girls this year are to play in a league and each team is out to win. The girls have shown much enthusiasm and they all are looking forward to an enjoyable semester.

The members of the G.A.A. Cabinet met also and plans were drawn up for the year. A wienner bake and plunge party are being planned for all the members. A dance will also be held later in the semester, probably in October.

The new officers were appointed. They are: president, Bernice Cline; vice-president, Eliza Stanley; secretary, Betty Fiesel; treasurer, Carol DeBra; reporter, Myrna Fossum; historian, Doris Quaggin; head of basketball, Jeannette Probert; head of individual sports, Barbara Tossas; yell leaders, Pauline Letz and Shirley Saffen.

BEARDS!

The current rage among the boys of Torrance High school is beards. Some of the older fellows are painstakingly cultivating stiff beards which change their appearance quite a bit.

The object of this idea is to let them grow until Torrance has won a football game, and then make quite a ceremony of shaving them off. It shouldn't be long until the boys have to shave, because, according to the coach, the football team is very promising this year.

The first game of the season will be Thursday, Oct. 5, when Torrance will play Gardena on our own field.

Rubbish Complaint Reaches Ears of City Council

Complaint of J. O. Bishop, of 2021 Carson st., that rubbish and garbage at his place was uncollected for several weeks reached the City Council Tuesday night.

He said that many efforts have been made to have it collected, but that operators of the collection truck ignore his pleas. The council agreed to investigate.

Riding Academy Held Up by Cucci's Legal Viewpoint

Efforts of local interests to establish a riding academy on lot 4, block 3, tract 3757, Torrance, met with delay at the City Council meeting Tuesday night because Councilman N. H. Cucci did not know the difference between livestock and a livestock feeding yard.

Neighbors in the vicinity of the proposed riding academy on Arlington ave. and Lincoln ave., declared they have no objection to the riding academy, but Cucci said the zoning ordinance forbids it.

Asked to refer to the zoning ordinance, he read the portion relating to cattle feeding for market. It was pointed out to him by the members of the council that maintenance of a riding academy is not conducting a livestock feeding yard.

However, Cucci was persistent, and the matter was referred to the planning commission.

Steelhead limits are taken every day at Klamath Glen.

New Tiny Tyke Shop Opening With Big Sale

Something new has been added to Torrance's rapidly expanding business district.

A new Tiny Tyke shop has been opened featuring everything that little guy or gal from infancy to age eight needs to make him or her happy.

Opening with a big sale as advertised in this edition, the shop is featuring a preview of Christmas goods.

While Greta B. Woods, the owner and manager, has not the full stock she hopes to obtain, Torrance residents will be pleased and surprised at the fine line of merchandise which the shop has on display and on the neat and new shelves.

Completely renovated, the Tiny Tyke shop is the answer to many a mother's prayer for a place to buy kiddies' merchandise.

Toys are greatly improved over last year's, the wood and plastic being used being of a higher quality and of finer finishes. Even rubber is found on some of the toys.

And a point to note is that elastic is returning in undergarments. The shop will carry a complete stock of yarns, knitting

\$100 Fine Is Assessed to Two '502' Violators

It cost two men \$100 each to come into the clutches of the law while operating automobiles while they were under the influence of intoxicating liquors, records of City Judge Otto B. Willett show.

R. W. Olsen of Gardena paid \$100 after he entered a plea of guilty to "502."

The other one was R. K. Caldwell of Torrance, who paid \$100 on his plea of guilty as a violator of section 502 of the Motor Vehicle code.

Needles, instruction books, and the like, and help for new knitters will be available.

Everyone is welcome to come in and get acquainted, the new owner said, and suggestions are welcome.
